Today, with the added emphasis on education, your diploma is your assurance you're off to a good start. If you move on to higher educational levels, even greater opportunities lie ahead. For those who are entering the "classroom of life", Consumers offers a wide range of employment opportunities including clerks, stenographers, specialized statistical workers, salesmen, linemen, garage mechanics, repairmen for all types of mechanical equipment, steam generator plant workmen, drivers, etc. If you are interested in a future with Consumers, contact the Consumers Power Company division office in your city.

Job security is excellent at Consumers because its services are in demand 24-hours a day, year in and year out. And as this demand for Electricity grows in the years ahead, Consumers will continue to grow and offer increased opportunities for its employees.

Again, congratulations from all of us at Consumers Power . . . where "C.P." stands for Continuing Progress.

"Waste
Neither
Time
Nor
Money"

"The way to wealth is as plain as the way to market - it depends on two words, industry and frugality; that is, waste neither time nor money, but make the best of both. Without industry and frugality nothing will do; with them everything."

— Ben Branklin
